

Pakedge: In-Ceiling, Flip-Down Wireless Access

Written by Bob Snyder
11 September 2010

Pakedge wins a patent for in-ceiling wireless access points.

The company will debut swing-down WAP-C3 products supporting 802.11b/g/n at CEDIA 2010.

Pakedge flip-down WAP-C3N supports 802.11b/g/n and protrudes just 3/4-inch from the ceiling.
