Comprehensive announces the CDA-HD400E-- a pro AV/IT 1x4 4K splitter with CEC system reset and EDID capability able to simultaneously distribute up to 4 HDMI outputs from a single HDMI input.

It handles 4K video with 12-bit colour capability, and also supports 3D with resolutions up to 4Kx2K at 30Hz.

Selectable EDID allows users to select resolution and colour settings, while the CEC (Consumer Electronics Control) system reset feature allows commmand and control when the device is switched on, with the unit automatically switching all connected displays to the HDMI input 1 ever 8-10 minutes.

Further features include HDMI and DVI compatibility (via DVI adapter) and support for next generation audio formats such as High Definition Lossless Audio, LPCM 7.1CH, Dolby TrueHD and DTS-HD Master Audio.
