

Assmann Electronic continues its sales expansion, adding **Ingram Micro** in Germany.

As a result Assman will increase the availability of its product portfolio in the channel, specifically **Digitus** brand networking and peripheral products. For professional network solutions, the company presents the brand **DIGITUS professional**.

Most of the product range consists of:

- active and passive network components
- KVMs
- USB and Firewire products
- cables, adapters and connectors
- (S)ATA/SCSI products
- peripheral
- notebooks
- PDAs
- computer and multimedia accessories.

Assmann Partners with Ingram Micro

Written by Marco Attard
16 August 2012

Ingram gets a "specialised contact partner for concerted business development" while extending its product portfolio.

According to GfK, Ingram penetrates 60% of the German IT market, making it the biggest distributor in the Germany.
