

AVI-SPL Buys Interactive Solutions Inc

Written by Frederick Douglas
09 November 2018

AVI-SPL acquires Interactive Solutions Inc (ISI), a Tennessee-based provider of "transformative" collaboration systems and services of all types, for a wide range of clients.

Founded in 1996, ISI has a focus on the customer experience and a commitment to support client business needs throughout a project and beyond. Together, AVI-SPL and ISI are united in the commitment to customer satisfaction, consistent deliver and the providing of a wider array of services with greater reach.

Through the acquisition, ISI gets access to 42 offices across N. America, Europe and the M. East, as well as the support of 2300 employees worldwide. It also has exceptional expertise in the design, building and management of AV and UC solutions, with award-winning managed services through 4 Global Service Operations Centres and the Symphony platform to remotely monitor and manage meeting spaces and devices.
