

Channel Vision's High-Res Varifocal Dome Camera

Written by Bob Snyder
30 May 2013

Channel Vision has intro'd a new Varifocal Dome Camera in the **6821-O Varifocal Eyeball Dome**, which uses the Sony 700VTL CCD.

It offers the following features:

- IP66 Rated
- vandal-proof
- oil rubbed bronze finish
- waterproof outdoor design
- LED illumination for applications where there is no ambient light or shelter for the camera
- The 3-Axis mount allows for external focus and zoom control screws for fine-tuning during installation.
