

Transparent LCDBOX from Medialine

Written by Bob Snyder
14 August 2012

Transparent like glass, Medialine's LCDBOX 2200 comes in 22" (approximately 56cm diagonal) and soon also available in 46" (117cm).

The transparent LCDBOX has an integrated USB media player. Designed in Netherlands for retail use, the user simply inserts their USB stick with content and it's ready to go.

The Medialine LCDBOX can be optionally supplied with built-in WLAN-Wifi.

Supports AUTO-START and AUTO-PLAY.
