Roll your own(digital signage video walls)...The Peerless Industries **DS-VWC560 Digital Signage Portable Video Wall Cart**

provides tool-less micro adjustment for precise display alignment along with the strength to hold up to 4 displays measuring 40"-60". A security screw locking mechanism ensures that the displays stay in the location intended for perfect viewing positioning. With strong legs paired with horizontal supports, the wall cart holds a maximum load of 500lb (226.7kg). The 8-point adjustment offers seamless alignment.

With 360° swivel, the durable swivel casters roll smoothly offering easy maneuverability. The DS-VWC560 Digital Signage Portable Video Wall Cart is compatible with VESA patterns - 200 x 200, 400 x 200, 400 x 400, 600 x 400mm and PLP.
