

Office Depot to Offer Xerox Managed Print Services

Written by Bob Snyder
12 March 2011

Office Depot partners with Xerox to offer **Managed Print Services** to customers across Europe.

This begins with Office Depot customers in Germany, with a European roll-out scheduled to take place throughout the remainder of the year.

"The proven leadership of Xerox in the Managed Print Services space provides Office Depot customers with access to outstanding print service capabilities, cross-Europe delivery opportunities, and leasing agreements for both Xerox and non Xerox hardware," says Mike Elbers, Vice President of Marketing and Merchandising for Office Depot in Europe.

"This exclusive partnership is the first European offering of its kind to bring a multi-brand solution in office supplies and print capabilities for our broad customer base."
